To: Prospective Offerors **July 27, 2020**

Synopsis:

The Embassy of the United States of America in Quito, Ecuador requires contracting a company that can provide and install a secure and safety system to an existing infrastructure located at Guayaquil city as follows:

- Provision and Installation of a CCTV System as well as its necessary ducting and cabling
- Provision and Installation of an Alarms System as well as its necessary ducting and cabling
- Technical Support
- Provision and Installation of a CCTV System as well as its necessary ducting and cabling
- Provision and Installation of an Alarms System as well as its necessary ducting and cabling
- Technical Support

The contractor should provide and install all the equipment, materials, labor, transportation, and testing that will be needed to complete the project and comply with all the specifications stated in the SOW within in a fixed-price contract.

The Government intends to award a contract resulting from this solicitation to the lowest priced technically acceptable offeror who is a responsible contractor. The Government may award the contract based on the initial offer without discussion.

The complete Statement of Work may be requested to Ana Jimenez, jimenezae2@state.gov.

All tenders must be received by the Embassy of the United States of America not later than 4:00 pm, August 12th, 2020. Tenders received after this date will not be considered.

In order to participate in this project all tenders must be registered at sam.gov
